

"Teaching the Young Generation Day"	
Wednesday, September 12, 2018	
Main Hall	
08:50 - 09:00	Introduction: Tasman, Abel - Jan, Gassner, Holger
09:00 - 09:30	Lohuis, Peter: Facial cutaneous surgery: treating skin cancer surgically.
09:30 - 10:00	Tasman, Abel – Jan: Basic Rhinoplasty – Endonasal techniques
10:00 - 10:30	Coffee Break
10:30 - 11:00	Heppt, Werner: Basic Rhinoplasty: The external Approach.
11:00 - 11:30	Sadick, Haneen: Otoplasty
11:30 - 12:00	Coombs, Andrew: Surgical anatomy and basic techniques of the periorbital region.
12:00 - 12:45	Lunch Break
12:45 - 13:15	Ingels, Koen: Facial paralysis - Basic pathophysiologic and therapeutic concepts
13:15 - 13:45	Fritz, Michael: Flaps in facial reconstruction
13:45 - 14:15	Gassner, Holger: Face lift anatomy
14:15 - 14:45	Coffee Break
14:45 - 15:15	Wever, Capi: Face Lift - Types and Techniques
15:15 - 15:45	Dayan, Steven: Filler and Injectables: The basics
15:45 - 16:15	Farjo, Bessam and Farjo, Nilofer: Hair restoration - The basics
16:15 - 16:45	Paun, Santdeep: The European Board for Certification in Facial Plastic and Reconstructive Surgery
16:45 - 17:45	Datema, Frank. The Fellowship Forum
18:00	Transfer to BBQ & Beer

Thu Sep 13					
	Main hall	Room 2	Room 3	Room 4	Room 5
07:30 - 08:00	Course: Thomas, Regan Facial Scar Revision and Camouflage Surgery	Course: Binder, William Facial Implants - reliable solutions to complex problems	Course: Byrne, Patrick Minimally invasive approaches to the craniofacial skeleton	Course: Menger, Dirk-Jan Pediatric Rhinoplasty	Course: Siegert, Ralf Microtia Reconstruction - State of the art
08:05 - 08:35	Course: Larrabee, Wayne Avoiding problems in Face Lift Surgery.	Course: Farjo, Bessam Hair restoration - mastering the craft	Course: Perkins, Steven Periorbital rejuvenation	Course: Waner, Milton Management of vascular malformations - standards and controversies	Course: Truswell, William Laser rejuvenation
08:40 - 09:10	Key note lecture: Boahene, Kofi Contemporary management of the paralyzed face. Moderator: Tasman, Abel-Jan				
09:15 - 10:05	Facial paralysis: Perception, diagnosis, planning Moderator: Boahene, Kofi 1) Ishii, Lisa: Societal Perception of Facial Paralysis 2) Schulte-Mattler, Wilhelm: Applied electrophysiology in Facial Paralysis 3) Lyford Pike, Sofia: Normative anatomy and timing parameters for spontaneous and volitional smiles 4) Ishii, Lisa: Bell's Palsy Clinical Practice Guideline	Hair restoration - Cutting edge technologies I Moderator: Farjo, Bessam 1) Epstein, Jeffery: The role of body hair in hair transplantation 2) Lee, Linda: Platelet-rich Plasma (PRP) for treatment of Androgenic Alopecia 3) Schiavone, Giovanni: Plasma derivatives as a possible biological support in hair transplantation 4) Kuka Epstein, Gorana: The management of women with hair loss. 5) Bham, Prabhat: Photography in hair restoration	Seeking the most objective selection process for speakers and topics. Moderator: Wever, Capi Panelists: Fedok, Fred; Menger, Dirk-Jan; Batniji, Rami; Haraldsson; Per-Olle, D'Souza, Alwyn; Adamson, Peter	Vascular Malformations - Current developments. Moderator: Kühnel, Thomas 1) Vielsmeier, Veronika: The ISSVA Classification 2) Seebauer, Carolin: Biological properties of vascular pathologies 3) Jäggle, Herbert: Challenges of facial malformation management (1) 4) Kühnel, Thomas: Challenges of facial malformation management (2)	Facial volume - finding perfect harmony. Moderator: Binder, William 1) Gordon, Neil: Etiology of Aging: The Illusion of Volume Loss 2) Kontis, Theda: Do we still need midface-lifts 3) Jacobs, Stanley: Mandelic acid for improvement of facial skin visco-elasticity 4) Oglivie Patricia: Myomodulation with HA fillers: A novel concept
10:10 - 11:00	Facial paralysis: Therapeutic algorithms. Moderator: Fritz, Michael 1) Snyder-Warwick, Alison: Translational Peripheral Nerve Basic Science Research 2) Redett, Richard : Target Organ Based Algorithm for Treating Pediatric Facial Palsy 3) Revenaugh, Peter: Timing and intervention of facial paralysis after acoustic neuroma 4) Faris, Callum: Adapting algorithms: Case specific aspects	Hair Restoration - Cutting edge technologies II Moderator: Epstein, Jeffrey 1) Epstein, Jeffrey: Hairline lowering techniques 2) Farjo, Nilofar: Trends and Developments 3) Bared, Anthony: Effective Techniques for Beard and Eyebrow Restoration 4) Ishii, Lisa: Advances in harvesting techniques	Panel: Training, Education; Meetings: Are we doing enough for the young generation? Moderator: Lohuis, Peter; Sadick, Haneen; Datema, Frank; Nunes, Diogo; Morero, Eduardo; Lekakis, Garyfilla	Vascular malformations - Advanced management Moderator: Waner, Milton 1) Uller, Wiebke: Slow and high - flow lesions: Diagnosis and therapy 2) Meyer, Lutz: Pediatric surgery in selected cases of vascular malformations 3) Chung, Ho Yun: Venous head and neck vascular malformations: Review of 82 Cases. 4) Bäuml, Wolfgang: Laser Treatment – Options & Limits	Skin - deep: Modulating texture, color and volume. Moderation: Heppt, Werner 1) Weber, Stephen: Kybella - Tips and Tricks 2) Byrne, Patrick: Phase 2 results of a new biofiller 3) Dayan, Steven: PRP, how it helps your patients and practice 4) Asaria, Jamil: Full face treatment hyaluronic acid fillers
11:05 - 11:55	Facial paralysis: Managing the periorbital complex. Moderator: Azizzadeh, Babak 1) Andrews, Peter: Upper eyelid loading and brow suspension in facial paralysis: Do's and Don'ts 2) Revenaugh, Peter: Comprehensive management of the paralyzed eyelid 3) Sjögren, Anna: Management of hemifacial spasms 4) Snyder Warwick, Alison: Rescuing the insensate eye in facial paralysis: Cornea innervation.	Straightening the nose - facing the challenge Moderator: Wong, Brian 1) Özücer, Berke: Crooked nose; Conventional method vs asymmetric letdown technique 2) Wagner, Wolfgang: The concept of septal splinting in the deviated nose 3) Gonçalves Ferreira, Miguel: Rhinoplasty in the asymmetric face - how to avoid disappointments 4) Bizrah, Bashar: Key Maneuvers for correcting the Crooked Nose 5) Apaydin, Fazil: L-strut graft in crooked nose	Quantifying psychological aspects of rhinoplasty I Moderator: Wurm, Jochen 1) Riedel, Frank: Systematic Review of Quality of Life Measurement after Rhinoplasty 2) Morrissey, Andrew: Managing Patient Expectations in Rhinoplasty 3) Ingels, Koen: Patient characteristics in rhinoplasty and blepharoplasty	Panel: Humanitarian Endeavours in Facial Plastic Surgery Moderator: Carmo, Diogo Panelists: Adamson, Peter; Quatela, Vito; Sykes, Jonathan; Larrabee, Wayne; Vuyk, Hade	Fillers and beyond: Moderator: Shandilya, Munish 1) Oglivie Patricia: Update on Biofilm activation and late-onset nodules after HA injection 2) Kontis, Theda: Managing filler complications 3) Tzikas, Thomas: Fat Grafting combined with Facelifting: my 22 year experience 4) Heppt, Werner: Isotretinoin treatment in FPS 5) tba
12:00 - 12:20	Opening Remarks				
12:20 - 13:20	Karl Storz Lunch Symposium Heppt, Werner and Noist Trenité, Gilbert: 3D Visualization and Modern Instruments in Open Rhinoplasty				
13:20 - 14:10	ROUNDTABLE Facial paralysis II Moderator: Boahene, Kofi; Redett, Richard; Lyford Pike, Sofia; Revenaugh, Peter;	Rhinoplasty Developments and Innovations Moderator: Winkler, Andrew 1) Sharafi, Maryam: Triangular Upper Lateral Cartilage flaps for preventing notching of the Key-stone area after hump reduction 2) Yilmazer, Cuneyt: Effects of drain usage on recovery 3) Samaha, Mark: Are spreader grafts overused in primary rhinoplasty 4) Nunes, Rita: Optimizing peri-operative care in rhinoplasty 5) Wurm, Jochen: Revisited techniques of middle vault	Quantifying psychological aspects of rhinoplasty II Moderator: Kühnel, Thomas 1) Shandilya, Munish: Role of Psychiatric evaluation in Rhinoplasty 2) Rival, Richard: The Post Rhinoplasty Checklist. 3) Stenner, Markus: The 4CQ Questionnaire for screening rhinoplasty candidates. 4) Prokopakis, Emmanuel: Satisfied doctor, dissatisfied patient.	Modern day Michelangelo - Shaping the bony and cartilaginous dorsum Moderator: Sadick, Haneen 1) Maas, Stefan: Full Powered Rhinoplasty 2) Tastan, Eren: Nasal Osteotomies with Manual Micro-Saw: The Logic and the Technique 3) Mireas, George: Bony Vault Rhinoplasty: Piezo vs Osteotomes and Rasps 4) Çağici, Can Alper: Nasal bone sculpturing without camouflage graft 5) tba	Enhancing Volume and Surface I Moderator: Pedroza, Fernando 1) Marcus, Benjamin: Back to basics; full field ER:YAG resurfacing for ideal skin rejuvenation 2) Dayan, Steven: Deep dark corners of the mouth, the importance of treating them 3) Gentile, Richard: Update on r Based Devices including Helium Activated Cold Plasma (CHP) for Skin and Soft Tissue Rejuvenation 4) Salem, Mohammad: A Comparison Between Two Methods of Face-Lift Surgery in Nine Cadavers

Thu Sep 13					
	Main hall	Room 2	Room 3	Room 4	Room 5
14:15 - 15:05	Facial paralysis: Current trends in reneurotization Moderator: Alam, Daniel 1) Byrne, Patrick :Facial reanimation and the elusive goal of the natural smile: highest value new innovations. 2) Fritz, Michael: Radical Parotidectomy Reconstruction and Reanimation: Long Term Outcomes and Technical Nuances 3) Owusu, James: Dual source nerve grafting for facial paralysis 4) Azizzadeh, Babak: Selective Neurectomy with Platysma Myotomy for Treatment of Synkinesis	Rhinoplasty Innovations Moderator: Menger, Dirk-Jan 1) Bizrah, Bashar: Considerations in ethnic rhinoplasty 2) Das Gupta, Rana: Ethnic Rhinoplasty 3) Paun, Santdeep: The ethnic rhinoplasty - does it really exist? 4) Epstein, Jeffrey: Rhinoplasty in the Afro-Caribbean Patient 5) Boahene, Kofi: Management of the African nasal base	Quantifying psychological aspects of rhinoplasty III Moderator: Berghaus, Alexander 1) Hellings, Peter: The challenge of prediction of outcomes 2) Sahlstrand Johnson, Pernilla: Dysmorphophobia – the use of validated tools 3) Datema, Frank: Transparency in Functional Rhinoplasty	Sculpting continued - Shaping the bony and cartilaginous dorsum II Moderator: Soo, Gordon 1) Hanga, Darinka: The infratip strut 2) Pearlman, Steven: Demystifying osteotomies 3) Stergioudi, Dafni: Surgery of the bony nasal pyramid – osteotomies in focus 4) Pedrosa Carlos: Mentoplasty for profile correction 5) tba	Enhancing Volume and Surface II Moderator: Vasquez, Mariana 1) Ogilvie, Patricia: The ticket to success: How to predict esthetic outcomes 2) Vent, Julia: Latest advances in non-surgical anti aging 3) Westin, Thomas: threads in the area around the nose 4) Babilas, Philipp: Fillers - correcting the untoward result
15:05 - 15:35	Break				
15:35 - 16:25	Facial paralysis: Advances in functional muscle transfer I Moderator: Azizzadeh, Babak 1) Fritz, Michael: Transoral/Transfacial Temporalis Tendon Transfer Technique 2) Biglioli, Federico: Double innervated gracilis flap for longstanding Facial paralysis. 3) Alam, Daniel: The novel sternohyoid muscle flap for facial reanimation. 4) Boahene, Kofi: The multivector gracilis flap	Rhinoplasty: Trends and Controversies Moderator: Naraghi, Mohsen 1) Saleh, Hesham: Camouflage techniques in rhinoplasty. 2) Wong, Brian: Midline Septal Extension Grafts 3) Haraldsson, Per-Olle: Septorhinoplasty in Sweden - history and future 4) Okhovat, Saleh: Development of a low fidelity simulation model for training open rhinoplasty	Psychological and social aspects of facial plastic surgery Moderator: Thomas, Regan 1) Constantian, Mark: Psychology of the FPS patient. 2) Sykes, Jonathan: Psychology of the difficult patient and the difficult surgeon 3) Kim, David W: Patient selection 4) Wever, Capi: Screening for psychologic comorbidities	Shaping the bony and cartilaginous dorsum III Moderator: Taylor, Mark 1) Kim, David: Controlling middle vault 3-D shape and contour—beyond height and width 2) Gonçalves, Miguel: Humpectomy - Predictability of different approaches 3) Bafaqeh, Sameer Ali: Avoiding and managing polly beak deformity 4) Becker, Daniel: Evolution of my approach to primary rhinoplasty	Panel Lower Lid Blepharoplasty: Which technique when Moderator: Larrabee, Wayne 1) Mangat, Devinder 2) Quatela, Vito 3) Fedok, Fred 4) Papel, Ira 5) Pearlman, Stephen
16:30 - 17:20	Facial paralysis: Advances in functional muscle transfer II Moderator: Redett, Richard 1) Federico Biglioli: Simultaneous Use of Fascia Lata Underneath the Free-Flap to Enhance Static Symmetry in Microsurgical Long-Standing Paralysis Reanimation	Video Session: Pearls in the nose Moderator: Suárez Páez, Gustavo 1) Memarzadeh, Asghar: Controlling the supra-tip break 2) Mesbahi, Alireza: Spreader Graft : Easy Endonasal Technique! 3) Mesbahi, Alireza: Alar Base Resection : OPD Procedure 4) Mesbahi, Alireza: Tip Plasty : Endonasal Approach	Panel: Managing the dissatisfied patient - vital to survival Moderator: Kern, Eugene Constantian, Mark; Sykes, Jonathan; Haraldsson, Per-Olle; Hellings, Peter	Roundtable: Rhinoplasty from saw to osteotome to piezo... and back? Moderator: Toriumi, Dean; tba; Becker, Daniel; Pearlman, Steven; Mireas, George, Gassner, Holger	CAAFPRS Session: Lessons from 30 years in facial plastic surgery. Moderator: Taylor, Mark 1) Adamson Peter 2) Pastorek, Norman
17:25 - 18:15	Panel: Facial paralysis - Challenging cases Moderator: Ishii, Lisa; Redett, Richard; Alam, Daniel; Biglioli, Federico; Boahene, Kofi; Azizzadeh, Babak	Practice development I Moderator: D'Souza, Alwyn 1) Jacono, Andrew: Building a practice in facial plastic surgery 2) Clevens, Ross: Let Your Patients Sell Your Practice: Engaging Patients in Marketing Strategy 3) Wever, Capi: Selling surgery in a busy facial plastic surgery market 4) Shandilya, Munish: PR Marketing or branding		Course: Toriumi, Dean The nasal tip: Balancing ideal and natural.	CAAFPRS Session: Round Table Rhinoplasty Moderator: Gantous, Andre 1) Adamson, Peter 2) Pastorek, Norman 3) Taylor, Mark
19:00 - 22:00	Danube River Sunset Cruise & Dinner				

Friday, Sep 14					
	Main hall	Room 2	Room 3	Room 4	Room 5
07:30 - 08:00	Course: Lohuis, Peter Non melanoma skin cancer - resection and reconstruction	Course: Mast, Gerson and Reichert, Torsten Facial trauma	Course: Ogilvie, Patricia A coherent concept of dermatological facial rejuvenation	Course: Nolst Trenité, Gilbert Revision Rhinoplasty	Course: Tzikas, Thomas Autologous Fat Grafting
08:05 - 08:35	Key Note Lecture: Baker, Shan Management of facial skin cancer. Moderator: Larrabee, Wayne				
08:40 - 09:30	Skin Cancer I Moderator: Quetz, Joachim 1) Moyer, Jeffrey: Melanoma update 2) Bichakjian, Christopher: Non - melanoma skin cancer update 3) Clevens, Ross: Mohs management of defects of multiple facial structures, recreation of alar / cheek / lip junction 4) Byrne, Patrick: lip reconstruction	Trauma I Moderator: Reichert, Torsten 1) Cornelius, Carl Peter: AOCMF Trauma Classification 2) Winkler, Andrew: Current Management of Upper Face and Midface Fractures 3) Vig, Navim. Managing acute nasal trauma with disruption of the osteocartilaginous framework 4) Alinasab, Babak: Orbital fractures	Periorbital rejuvenation - where do we stand, where do we go? Moderator: Pearlman, Steven 1) Gentile, Richard: New Concepts in Periorbital Rejuvenation 2) Fechner, Frank: The Coronal Browlift in the 21st Century: Modifications for Superior Outcome 3) Adamson, Peter: The Trichophytic Forehead Lift 4) Saleh, Daniel: Assessing safe corridors for trans-palpebral browpepy 5) tba: Endoscopic browlift	Key note lecture: Toriumi, Dean Lessons from 30 years in Rhinoplasty Moderator: Nolst Trenité, Gilbert	Visualisation in Facial plastic surgery Moderator: Sahlstrand Johnson, Pernilla 1) Gonçalves Ferreira, Miguel: Photography in Facial Plastic Surgery - Almost as Important as Surgery 2) Winkler, Andrew: Photography in Facial Plastic Surgery 3) McIntosh, Cameron: 3D Photography 4) Lekakis, Garyfyla: 3D technology in Rhinoplasty and its added value
09:35 - 10:25	Nasal reconstruction I Moderator: Wagner, Wolfgang 1) Saleh, Daniel: Diagnosis and management of perineural spread to the skull base in cutaneous facial cancer 2) Vuyk, Hade: Nasal and facial reconstruction: Doing it NOT by the book 3) Quetz, Joachim: Septal pivot flap in nasal repair: 16 cases 4) Wagner, Wolfgang: Differential use of lining flaps in full thickness nasal reconstruction 5) Yousovich, Ruth: A novel technique for single stage nasal columella reconstruction	Trauma II Moderator: Mast, Gerson 1) Ehrenfeld, Michael: Mandibular fractures 2) Cornelius, Carl Peter: Fractures of the condyle 3) Meier, Johannes: Orbital fractures: Maxillofacial perspectives 4) Ettl, Tobias: Panfacial trauma	Periorbital Rejuvenation - Video - based lectures Moderator: Byrne, Patrick 1) Marcus, Benjamin: The hybrid brow lift - combining subcutaneous and endoscopic techniques for maximum rejuvenation 2) Perkins, Stephen: Controversies in managing the brow and forehead 3) Taylor, Mark: Upper Lid Blepharoplasty with Bipolar Tightening and Fat Repositioning 4) Winkler, Andrew: 10 Pearls for the Perfect Blepharoplasty.	Pediatric Rhinoplasty Moderator: Lohuis, Peter 1) Sambiago, Giovanni: Paediatric Open Septorhinoplasty: challenges, considerations and outcomes 2) Menger, Dirk-Jan: Management of pediatric loss of septum 3) Jang, Yong Ju: Graft choices in pediatric rhinoplasty 4) Kahraman, Ali: Managing velopharyngeal insufficiency 5) Tasca, Ignazio: Minimizing tissue trauma in pediatric rhinoplasty	Research and innovations in facial plastic surgery I Moderator: Wong, Brian 1) Ishii, Lisa: Harnessing the power of data in facial plastic surgery 2) Völklein, Claudia: Matrix Associated Chondrocyte Transplantation (MACT) after severe nasal trauma in children 3) Byrne, Patrick: Bioengineered free diced cartilage 4) Chung, Ho Yun: Human Bone Marrow Stem Cells Direct Seeding in 3D Printing Scaffolds for Craniofacial Bone Regeneration 5) Neves, Jose Carlos: Gel of cartilage, conclusions after 4 years of use.
10:30 - 11:20	Nasal reconstruction II Moderator: Reichert, Torsten 1) Fritz, Michael: Complex and Total Nasal Reconstruction using free vascularized fascia lata flap 2) Artinger, Verena: Reconstruction of inner lining - Prelamination 3) Weber, Stephen: Modern Management of Nasal Defects 4) Saleh, Daniel: Single Stage Nasal Reconstruction using the Forehead Flap 5) Ansari, Kal: Utilizing pre-fabricated 3-D templates in nasal reconstruction	Trauma III Moderator: Alinasab, Babak 1) Mast, Gerson: NOE fractures 2) Rasse, M: Management of ankylosis 3) Hammer, Beat: Revision surgery of the orbit 4) Tasman, Abel-Jan: Revisional nasal surgery	Periorbital Rejuvenation - Time tested solutions. Moderator: Marcus, Benjamin 1) Truswell, William: My Thoughts and Method for Brow Aesthetics in the Aging Face 2) Morera Serna, Eduardo: Eyebrow tail lift 3) Thomas, Regan: Pinch Technique Upper Blepharoplasty for Safe and Accurate Results 4) Sykes, Jonathan: Opening the eye: advanced concepts. 5) Asaria, Jamil: Rejuvenation of the Periorbital Region with Blepharoplasty, Fat Grafting, and Hyaluronic Acid Fillers.	Septal reconstruction: How much is enough and when is it enough? Moderator: Kim, David 1) D'Souza, Alwyn: Management of the cocaine nose 2) Wurm, Jochen: Subtotal septal reconstruction for the markedly deviated septum 3) Côté, David: Reconstruction of Nasal Septal Defects Using Acellular Human Dermal Allograft 4) Raghavan, Ullas: Surgical closure of nasal septal perforation 5) Fattahi, Mohammad: Septal perforation: Secondary repair - 30 years experience	Research and innovations in facial plastic surgery II Moderator: Holmström, Mats 1) Çağici, Can Alper: Effects of Different Suture Materials on Cartilage Reshaping in the Rabbit Model 2) Nasser, Nasser. Paraumbilical fat graft :do large volume free fat grafts work 3) Richmon, Jeremy: Scarless approach to the thyroid gland: transoral access 4) Haubner, Frank: From bench to bedside: Advancing fat grafting 5) tba
11:25 - 12:15	Panel: Nasal reconstruction - Case - based discussions Moderator: Saleh, Daniel Panelists: Quetz, Joachim; Duvdevani, Shay; Faris, Callum; Schiavone, Giovanni; Fritz, Michael; Truswell, William; Weber, Stephen; Artinger, Verena; Sadick, Haneen	Rhinoplasty: Small procedure vs. Big operation I Moderator: Tasca, Ignazio 1) De Cordova, Jose: A staged approach to posttrauma rhinoplasty 2) Ujam, Ather: Simultaneous correction of the nasal tip and upper lip for bilateral cleft lip nose deformity 3) Pastorek, Norman: The Sub Alar Graft for Alar Base Asymmetry 4) Rudes, Mihael: Open versus endonasal: Comparative data	Roundtable periorbital rejuvenation: Treating the "difficult eye" Moderator: Sykes, Jonathan Panelists: Taylor, Mark; Marcus, Benjamin; Papel, Ira; Morera Serna, Eduardo; Jäggle, Herbert; Ingels, Koen	Roundtable Rhinoplasty: Strategic approach to revising the failed rhinoplasty Moderator: Heppt, Werner Panelists: Bared, Anthony; Kim, David; Berghaus, Alexander; Adamson, Peter; Tasca, Ignazio	Teaching and training Facial plastic surgery - What works? Moderator: Larrabee, Wayne 1) Constantian, Mark: Teaching RPL: Where do we fail? 2) Alam, Daniel: Training free flap surgery 3) Nasser, Nasser: A tribute to Tony Bull 4) de Jong, Jan: What I learned from Claus Walter
12:15 - 13:15	Implantech Lunch Symposium. Importance of Facial Ligament Release and Implants in Rhytidectomy Speaker: Binder, William				

	Main hall	Room 2	Room 3	Room 4	Room 5
13:15 - 14:05	Eyelid reconstruction Moderator: Saleh, Daniel 1) Bichakjian, Christopher: Eyelid reconstruction 2) Jäggle, Herbert: Eyelid reconstruction 3) Vuyk, Hade: Lid reconstruction 4) Sahlstrand Johnson, Pernilla: Orbital decompression in endocrine orbitopathy 5) Andrews, Peter: Full thickness defects	Augmentation of the nasal dorsum I Moderator: Riedel, Frank 1) Morrissey, Andrew: Diced Cartilage Fibrin Glue Graft: A Canadian Perspective 2) Fuleihan, Nabil: Augmentation rhinoplasty: Creating an elegant dorsum 3) Pearlman, Steven: Dorsal augmentation: the bigger the better? 4) Jang, Yong Ju: How to correct and prevent saddle nose deformity	Facial Fat Transfer - State of the art Moderator: Haubner, Frank 1) Tomás Barberán, Manuel D : Facial lipofilling - 5 pearls 2) Fedok, Fred: Nanofat: What we know and What we hope 3) Larrabee, Wayne: Do face lift and fat go together? 4) Mangat, Devinder: Filling the lower eyelid: Which fat when. 5) Bravo, Gustavo: Restoration of facial symmetry in Silent Sinus Syndrome	Rhinoplasty: Same Scenario - endonasal versus open management I Moderator: Kalpesh, Patel 1) Fuleihan, Nabil: The transvestibular approach 2) Suárez Páez, Gustavo: The endonasal complete release approach 3) Stergioudi, Dafni: Endonasal control of dorsal irregularities 4) Adamson, Peter: Open tip refinement 5) Saleh, Hesham: Endonasal tip plasty: Time tested	Staying safe in the lower lid I Moderator: Coombs, Andrew 1) Jacono, Andrew: The lower eyelid: staying safe 2) Cakmak, Özcan: Blepharoplasty: strategies to prevent skeletonized eyes 3) Solmaz, Iskander: Management of lid ptosis 4) Taylor, Mark: Preventing Lower Lid Retraction in Skin Muscle Flap Lower Lid Blepharoplasty 5) Neves, Jose Carlos: Lower Eyelid: Controlling Light and Shadow.
14:10 - 15:00	Roundtable: How would you reconstruct this medium sized facial cutaneous defect? Moderator: Baker, Shan Panelists: Vuyk, Hade; Larrabee, Wayne; Shockley, William; Bichakjian, Christopher; Wagner, Wolfgang; Andrews, Peter	Augmentation of the nasal dorsum II Moderator: Kontis, Theda 1) Arancibia Tagle, Diego José: Cartilage Gel Graft in Rhinoplasty 2) Romo, Thomas: Synthetic Implants in the Nose: a critical appraisal 3) Gantous, Andres: Reconstruction of the severe saddle nose: Lessons learned 4) Winkler, Andrew: Alloplastic Material in Rhinoplasty 5) Mohebbi, Alireza: CenoDerm vs. Fascia lata for the Prevention of Dorsal Nasal Irregularities	PAAFPRS Rhinoplasty I Moderator: Soo, Gordon 1) Reksodiputro, Mirta: Deviated nose : Straightening Top to Bottom, Inside to Out 2) Jang, Yong Ju: Modified extracorporeal septoplasty for correction of the deformed nose 3) Mesbahi, Alireza: Supratip deformity: Diagnosis, Treatment, Prevention 4) Widiarni, Dini: Effect of spreader grafts on the aesthetic and function of the Asian nose in septo-rhinoplasty surgery 5) Lee, John Shiu-kwong: Solving problems in caudal septal deviation issues in Asians.	Rhinoplasty: Same scenario - Endonasal versus open management II Moderator: Berghaus, Alexander 1) Schwan, Franziska: Endonasal valve management 2) Heptt, Werner: Open access valve management 3) Nolst Trenité, Gilbert: Primary endonasal hump management 4) Menger, Dirk - Jan: Primary open hump management.	Advances in lower eyelid surgery Moderator: Pedrosa, Carlos 1) Perkins, Stephen: Avoiding misadventures in lower eyelid surgery 2) Pedroza, Fernando: Lower Blepharoplasty without Complications by External approach with Suspension of the Orbicular Muscle. 35 years of experience 3) Dayan, Steven: Relevant Eyelid cheek junction anatomy 4) Fedok, Fred: The Midface: Filling, Lifting or Blepharoplasty 5) Ansari, Kal: Rejuvenating the lower eye lid- cheek junction
15:00 - 15:30	Break				
15:30 - 16:20	Reconstruction: Trends and challenges Moderator: Owusu, James 1) Yousovic, Ruth: Complex facial Reconstruction–Aiming towards aesthetic and functional restoration 2) Quetz, Joachim: Skin expansion in midfacial repair: 17 cases 3) Giotakis, Evangelos: Pectoral major flap for Head and Neck Reconstruction. Is it still trendy? 4) Shockley, William: Advances in lip reconstruction 5) Faris, Callum: Alternative techniques in nasal reconstruction	Straightening the nose II Moderator: Hellings, Peter 1) Lippert, Martina: Straightening the nose - A didactic concept 2) Maneschi, Payam: Surgical approach to the crooked nose. Which technique when? 3) à Wengen, Daniel: Titanium Septum Plate: to straighten and strengthen the septum 4) Naraghi, Mohsen: The deviated nose	PAAFPRS Rhinoplasty II Moderator: Sinrachtanant, Choladhis 1) Widiarni, Dini: Corrective septo-rhinoplasty in acute nasal bone fractures 2) Kowitzwibool, Kritsada: Asian Silicone Augmentation Rhinoplasty 3) Kan, Winnie: Costal cartilage for Asian rhinoplasty 4) Chow, Jennifer: Fat grafting in Asian Rhinoplasty 5) Tungkeeratichai, Jumroon: Hybrid rhinoplasty.	Rhinoplasty: Same Scenario - endonasal versus open management III Moderator: Toriumi, Dean 1) Fuleihan, Nabil: Managing the over - resected nose endonasally 2) Kim, David: Managing the over - resected nose externally 3) Pastorek, Norman: The asymmetric dorsum: Endonasal solutions 4) Paun, Santdeep: The asymmetric dorsum: Open solutions.	Roundtable: When is treating the skin, the muscle and adding volume sufficient Moderator: Papel, Ira Panelists: Marcus, Benjamin; Soo, Gordon; Ogilvie, Patricia; Vent, Julia; Westin, Thomas; Gentile, Richard
16:25 - 17:15			PAAFPRS Rhinoplasty III and Face Moderator: Mesbahi, Alireza 1) Kunachak, Somyok: Overcoming the thick-skinned nose: How I do it 2) Soo, Gordon: Tips for the Asian tip 3) Kowitzwibool, Kritsada: Correction of the Overhanging Ala 4) Urathamakul, Sarinya: ASEAN external brow lift technique 5) Lee, Tee Sin: Endoscopic Forehead and Brow Lift for Asian patients	Rhinoplasty: Same Scenario - endonasal versus open management IV Moderator: Kern, Eugene 1) Tasman, Abel-Jan: The saddle nose - endonasal management 2) Jang, Yong Ju: The saddle nose - open management 3) Gassner, Holger: Cleft Rhinoplasty - endonasal solutions 4) Toriumi, Dean: Cleft Rhinoplasty - Open structure management.	Microvascular Facial Reconstruction Moderator: Gantous, Andres 1) Alam, Daniel: Minimally invasive free flap surgery 2) Fritz, Michael: Innovations in Microvascular Facial Reconstruction: Pushing the Boundaries 3) Richmon, Jeremy: Closing the big hole: microvascular flaps state of the art 4) Byrne, Patrick: Fine and delicate flaps
17:20 - 18:10			PAAFPRS Asian Blepharoplasty and Face II Moderator: Solomons, Neil 1) Solomons, Neil: Asian Upper Lid Blepharoplasty. 2) Sinrachtanant, Choladhis: The short incision double eyelid surgery 3) Sinrachtanant, Choladhis: Asian double eyelid surgery through the ages 4) Chayangsu, Palapong: Asian temporal lift: Philosophy of the Facelock™ facelift technique 5) Tay, Valerie: Midface augmentation with fillers: Pearls and perils - avoiding vascular complications 6) Bunbanjerdasuk, Sacarin: Lip reduction surgery.	Panel: Case - based discussions: Open versus endonasal operation. Moderator: Pastorek, Norman and Toriumi, Dean Panelists: Fuleihan, Nabil; Kim, David; Paun, Santdeep; Tasman, Abel - Jan; Jang, Yong Ju; Gassner, Holger; Lohuis, Peter	Roundtable: How would you reconstruct this large facial defect? Moderator: Alam, Daniel. Panelists: Lohuis, Peter; Richmon, Jeremy; Reichert, Torsten; Fritz, Michael; Boahene, Kofi; Baker, Shan; Moyer, Jeffrey; Clevens, Ross
19:30	Gala Dinner				

Saturday, Sep 15					
	Main hall	Room 2	Room 3	Room 4	Room 5
07:30 - 08:00	Course: Sykes, Jonathan Face Lift Anatomy	Course: Alam, Daniel Facial Transplantation - where do we stand, where do we go?	Course: Mangat, Devinder 30 years experience in facial peels	Course: Carmo, Diogo Dynamic Rhinoplasty... a new approach.	
08:05 - 08:35	Course: Jacono, Andrew Facelift: State of the art.	Course: Schlegel, Christoph Otoplasty	Course: Quatela, Vito Rejuvenation of the midface and lower lid	Course: Pastorek, Norman Endonasal rhinoplasty - 30 years experience	Course: Goncalves Ferreira, Miguel Rhinoplasty - The spare roof technique
08:35 - 09:05	Key note lecture: Papel, Ira D. Trends in Face Lift Surgery Moderator: Gassner, Holger				
09:10 - 10:00	Facelift: from anatomy to rejuvenation Moderator: Fedok, Fred 1) Sykes, Jonathan: Novel aspects in Face Lift Anatomy 2) Larrabee, Wayne F.: Facelift anatomy revisited 3) Adamson, Peter: Short Flap to Deep Plane Resurfacing: Time tested solutions 4) Jacono, Andrew: Lifting the heavy face 5) Azizzadeh, Babak: Reshaping Rhytidectomy	Nasal tip plasty I Moderator: Apaydin, Fazil 1) Kalpesh, Patel: Management of thick skin in tip plasty 2) Vazquez, Mariana: Rhinoplasty: Controlling thick skin 3) Wurm, Jochen: Differentiated approach for the drooping nasal tip 4) Pedrosa, Carlos: Correcting Nasal Tip Deformities 5) Paun, Santdeep: The tongue in groove technique revisited	Treating skin will treat your practice Moderator: Bunaes, Jarl 1) Al-Mustafa, Miray: Introducing cosmeceuticals into your practice 2) Gentile, Richard: Time - tested non - surgical therapies 3) Dayan, Stephen: Buidling a brand	Video Session: Improving your technique Moderator: Apaydin, Fazil 1) Owusu, James: Harvesting the sural nerve 2) Özücer, Berke: Facial Reanimation: Masseteric nerve grafting 3) Sezen, Ozan: The liplift technique	Advances in facial reconstruction I Moderator: Quetz, Joachim 1) Larrabee, Wayne F.: Facial reconstruction: an algorithmic approach 2) Constantinidis, Joannis: Reconstruction of forehead defects with calvarial grafts 3) Yousovich, Ruth: Pull through facial flaps - a tertiary hospital experience 4) Joshi, Anil: Reconstruction of skin defects using D-CELL tissue dermis
10:05 - 10:55	The lip - chin - complex: Filler, Fat, Surgery? Moderator: Saleh, Daniel 1) tba 2) Epstein, Jeffrey: Lip lift, fat and SMAS grafting 3) Pedrosa, Carlos: Mentoplasty and Bichectomy 4) Soo, Gordon: Balancing the lower third of the face	Nasal tip plasty II Moderator: Tomás Barberán, Manuel 1) Apaydin, Fazil: Lateral crural turn-in flap 2) Okhovat, Saleh: Management of Lateral Crural Pathology: a surgical Algorithm 3) Kim, David W.: Nuances and pitfalls of the septal extension graft and tongue in groove techniques 4) Weber, Stephen: Nasal Base Reduction in Rhinoplasty - An Often Overlooked Aspect of Balanced Rhinoplasty 5) Veit, Johannes: Alar base surgery: do's and dont's	Otoplasty (10:05 - 11:20) Moderator: Schlegel, Christoph 1) Nunes, Diogo: Otoplasty: Staying safe - Avoiding all injury to the cartilaginous skeleton 2) Stenberg, Annika: Simple and effective Otoplasty 3) Ercan, Ibrahim: Pillars otoplasty with facial flap technique 4) Raunig, Hermann: The Importance of Antihelix Plasty in Otoplasty 5) Pavlidelis, Vasilis: Advanced otoplasty techniques 6) Raunig, Hermann: Correction of the hypertrophic conchal bowl 7) De Cordova, Jose: Anterior scoring otoplasty and management of conchal excess	Panel: Rhinoplasty - Learning from hard data and unselected results Moderator: à Wengen, Daniel F. Panelists: De Cordova, Jose; Constantian, Mark; Tasman, Abel-Jan, Gassner, Holger	Advances in facial reconstruction II Moderator: Joshi, Anil 1) Sadick, Haneen: The value of dual-source CT angiography for flap design in nasal reconstruction 2) Raghavan, Ullas: Management of rhinophyma 3) Kastanioudakis, Ioannis: Treatment of mild to moderate rhinophyma with combination of ablative CO2 Laser radiofrequency ablation and bipolar diathermy 4) Mago, Vishal: Bilobed flap revisited in basal cell carcinomas of the face 5) Rahmawati, Indah: Malar Deformity Reconstruction in Old Facial Fracture using Rib Cartilage
11:00 - 11:50	Facelift through the decades: what have we learned Moderator: Carmo, Diogo 1) Perkins, Stephen: The Graduated Approach to Neck Rejuvenation 2) Truswell, William: Doing One's Best to Perform a Safe Facelift 3) Gordon, Neil: From the Deep-Plane Rhytidectomy to the Vertical Platysma Advancement: Evolution over 23 years 4) Thomas, Regan: The Safety Facelift: A Two Vector Lift Providing Excellent Results with Minimum Risk 5) Batniji, Rami: The Graduated Approach to Neck Rejuvenation	Nasal tip plasty III Moderator: Constantinidis, Joannis 1) Saleh, Hesham: Endonasal Tip Surgery - What Can You Do? 2) Samaha, Mark: The lateral crural overlay: a versatile tool beyond deprojection 3) Sezen, Özan: Articulated rim graft 4) Constantinidis, Joannis: Managing the droopy tip 5) Ercan, Ibrahim: Is it necessary to fix all the lateral crus malposition? A novel algorithm for reposition	Panel: Otoplasty. Case based discussion (11:20 - 11:50) Moderator: Siegert, Ralf Panelists: Nunes, Diogo; Stenberg, Annika; Ercan, Ibrahim; Raunig, Hermann; Pavlidelis, Vasilis (remark: start 11:20)	The nasal valve I Moderator: Bafaqeeh, Ali Sameer 1) Kern, Eugene: The evolution of nasal valve surgery 2) Wong, Brian: Imaging of the internal nasal valve: Implications for surgery 3) Menger, Dirk-Jan: Objective measurements in nasal valve surgery 4) Morrisey, Andrew: Treating the nasal valve: The essentials tools 5) Gassner, Holger: Complete release and lateral crural strut grafting	Ethical standards in digital marketing - desirable, measurable, enforceable? Moderator: Sykes, Jonathan Panelists: Vuyk, Hade; Adasmon, Peter; Stenberg, Annika; Soo, Gordon, Neves, Jose Carlos
11:55 - 12:45	Panel: Choosing THE best facelift technique Moderator: Papel, Ira Panelists: Larrabee, Wayne; Gordon, Steven; Gassner, Holger; Wever, Capi	Roundtable Rhinoplasty III: How much surgery does it take for a lasting good looking nose? Moderator: Constantian, Mark Panelists: Constantinidis, Joannis; Berghaus, Alexander; Pastorek, Norman; Tasman, Abel-Jan; Paun, Santdeep.	Microtia reconstruction Moderator: Berghaus, Alexander 1) Romo, Thomas: Medpor reconstruction 2) Reksodiputro, Mirta: Two stage surgery auriculoplasty in microtia grade 3 with autologous rib cartilage 3) Taylor, Mark: Three flaps you may not have used for Auricular Reconstruction 4) Hamzavi, Jafar - Sasan: Auricular reconstruction 5) Siegert, Ralf: Typical and modified auricular reconstruction	The nasal valve II Moderator: D'Souza, Alwyn 1) Pedroza, Fernando: Dragonfly Graft Technique for Successful Correction of Internal Valvular Collapse 2) à Wengen, Daniel F.: Titanium nasal implants: selecting the ideal candidate 3) Wong, Brian: Rim Grafts: Classic to Articulated 4) Kofler, Barbara: Batten Grafts in patients with valve stenosis- functional outcome 5) Kalpesh, Patel: My favorite technique to manage the nasal valve	Injection Rhinoplasty Moderator: Pavlidelis, Vasilis 1) Kontis, Theda: Injection rhinoplasty: Do's and don'ts 2) Jaggi, Rick: Primary Injection Rhinoplasty 3) Dayan, Steven: Injection rhinoplasty: A critical appraisal 4) Trevidi, Patrick: Filler in the nose: The danger zones

	Main hall	Room 2	Room 3	Room 4	Room 5
12:45 - 13:45	Lunch break				
13:45 - 14:35	Midface Lift and perioral rejuvenation Moderator: Romo, Thomas 1) Fechner, Frank: Improved Midface Repositioning in Deep Plane Facelift 2) Clevens, Ross: Surgical Techniques in the Rejuvenation of the Lips and Perioral Region 3) Saleh, Daniel: R' Face and Neck Lift: A modified technique for composite facelifting 4) Batniji, Rami: Lifting the Midface During Facelift Surgery 5) Marcus, Benjamin: The midface lift. Fill it? Why I changed back to the deep plane	Rhinoplasty Innovations Moderator: Pedroza, Fernando 1) Becker, Daniel: Rhinoplasty in the youthful patient 2) Tastan, Eren: Costal Cartilage Grafting in Rhinoplasty: The Oblique Split Method 3) Carmo, Diogo: Adjunctive procedures to improve results in Rhinoplasty 4) Becker, Daniel: Advantages of early splint removal 5) Vazquez, Mariana: Nasal dorsum augmentation with connective tissue and diced cartilage	Headache surgery Moderator: de Jong, Jan 1) Filipovic, Boris: Headache treatment: Pharmacokinetic aspects of botulinum toxin 2) Lohuis, Peter: Peripheral trigger point surgery for headache: The Utrecht experience 3) Agius, Adria: Trigger point surgery for headache: Critical appraisal	Seeking reliability in functional rhinosurgery Moderator: Saleh, Hesham 1) Heppt, Werner: Valve-Lift: Outcomes in 25 patients 2) Holmström, Mats: Nasal surgery in the obstructed nose - when to operate 3) Constantian, Mark: How rhinoplasty can decrease the airway and how to avoid it 4) García, César: Technique Variations in Extracorporeal Septoplasty 5) Ferguson, Tricia: Laser turbinectomy: a suitable treatment for chronic nasal obstruction in a military population	Video Session Moderator: Gordon, Neil 1) Ozan, Seymen Sezen: Liplift 2) Özücer, Berke: Facial reanimation
14:40 - 15:30	Facial Rejuvenation: Current concepts Moderator: Fechner, Frank 1) Clevens, Ross: Unique Considerations with Facelift in the Male Patient 2) Cakmak, Özcan: Composite rhytidectomy: why and how 3) Wever, Capi: Facelift: Trends and modifications. 4) Batniji, Rami: Comprehensive Facial Rejuvenation: Combining Surgical and Non-Surgical Techniques 5) Bunaes, Jari: Short flap facelift plus peeling versus SMAS facelift	Rhinoplasty: Challenges and advances Moderator: Neves, Jose Carlos 1) Mesbahi, Alireza: LLC cephalic resection: Less is more! 2) Staudenmaier, Rainer: Optimizing tip definition 3) Apaydin Fazil: Cartilage chips 4) Naraghi, Mohsen: Rhinogenioplasty 5) Hospodka, Henriette: How rhinoplasty results change long term.	Panel: Rhytidectomy Advanced Technology and Endoscopic Methods. Moderator: Gentile, Richard Panelists: Quatela, Vito; Romo, Thomas; Gassner, Holger; Cakmak, Özcan; Truswell, William	Panel: Case - based Discussion: Functional Rhinoplasty Moderator: Jang, Yong Ju Panelists: Heppt, Werner; Kern, Eugene; Wong, Brian; Romo, Thomas, Morrissey, Andrew	Research and Innovations in facial plastic surgery III Moderator: Filipovic, Boris 1) Häussler, Daniel: Treatment of auricular keloids with a multimodal therapy regimen 2) Késmárszky, Robert: Anatomical Variations of the Marginal Mandibular Nerve 3) Argiris, Konstantinos: Composite grafts and the nose. A review of the literature 4) Asenov, Asen: Refinement of the nasal tip with A-PRF and I-PRF 5) Ahmed, Shahzada: Pushing the envelope: Lessons learned from the first pituitary surgery under local anesthesia
15:30 - 16:00	Vuyk Hade: The Joseph Lecture				
16:00 - 16:50	Awards (to follow)				
16:50 - 17:30	EAFPS General Assembly
